Classroom Support **Parents**

We need your help!

“Parent involvement is all about the children”

Our Goal

Our goal is to provide support for families through the work of the Classroom Support Parent. If more than one parent per class nominates, we would welcome this and the role would be shared.

The two meetings a year would be to:

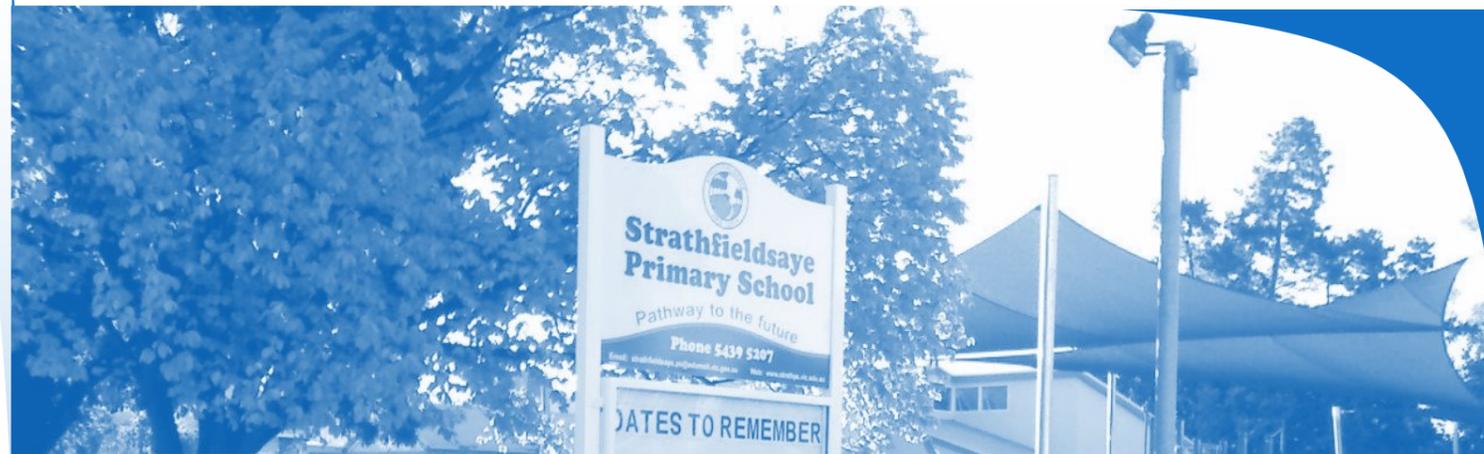

Outline the roles, explore possible activities and communication links between parents and staff and ask for feedback on how the role went and how we could improve on what we have done.

You can be a Classroom Support Parent for more than one class.
